```

hashdump buyrug'i ishga tushirilib, SAM ma'lumotlar bazasidan tizim foydalanuvchilari (Administrator va Jon) ning NTLM hesh qiymatlari muvaffaqiyatli chiqarib olindi

The screenshot shows the Hashes.com website interface. At the top, there's a navigation bar with links like Home, FAQ, Deposit to Escrow, Purchase Credits, API, Tools, Decrypt Hashes, Escrow, Support, and language options. Below the navigation bar, a message states "1 hashes were checked: 1 possibly identified 0 no identification". A green box contains the text "Pay professionals to decrypt your remaining lists" with a link to "https://hashes.com/en/escrow/new". A green box with a checkmark shows "Possible identifications: 2. Decrypt Hashes" and lists the identified hashes for Administrator and Jon, along with their possible algorithms. A "SEARCH AGAIN" button is visible. At the bottom, there's a footer with sections for HASHES.COM (Support, API), DECRYPT HASHES (Free Search, Mass Search, Reverse Email MD5), TOOLS (Hash Identifier, Hash Verifier, Email Extractor, *John Hash Extractor, Hash Generator, File Parser, List Matching, List Management, Base64 Encoder), and ESCROW (View jobs, Upload new list, Manage your lists).

Olingan heshlarning algoritmi va tuzilishini aniqlashtirish maqsadida hashes.com tahlil vositasidan foydalanildi hamda hesh turi NTLM ekanligi tasdiqlandi
